EDUCATION

D.Y. Patil University, Pune

2022 – 2026

B.Tech, Computer Engineering

CGPA: 8.40 / 10

EXPERIENCE

Threat Prism, Pune – *CyberSecurity Intern*

Oct 2023 – Nov 2023

- Conducted server vulnerability assessments and identified security issues such as SMTP Open Relay, DNS Zone Transfer, and NetBIOS exposures.
- Performed ethical hacking tasks and evaluated secure server configurations while recommending effective mitigation strategies.
- Strengthened hands-on penetration testing skills through real-world security analysis and remediation practice.

Saiket System – *Java Developer Intern*

Jan 2025 - Feb 2025

- Developed 6 Java desktop applications (Calculator, Bank Management Systems, To-Do List Manager) using Swing and AWT, strengthening OOP concepts and GUI development skills.
- Built multiple utility-based projects (Text Analyzer, Number Guessing Game) to improve logic-building, problem-solving and user experience.
- Enhanced debugging and code optimization skills while collaborating with peers on code reviews and best practice discussions.

PROJECTS

AI Study Companion

June 2026

- Developed a full-stack AI-powered placement preparation platform using **MERN Stack and Google Gemini API**, serving study planning, mock tests, and interview preparation needs.
- Built and integrated **20+ RESTful APIs** for authentication, study plans, analytics, notes, and test management.
- Implemented **JWT authentication with HTTP-only cookies** and MongoDB-based data modeling for secure user management
- Designed a responsive analytics dashboard featuring **Pomodoro tracking, DSA progress monitoring, AI insights, streaks, and gamified learning metrics.**

Resume-Ai

March 2026

- Developed an AI-based Resume Analyzer using React.js, Node.js, Express.js, and MongoDB to evaluate resumes and generate ATS scores.
- Integrated **OpenAI/Gemini APIs** to provide keyword optimization and content improvement suggestions, and role-specific feedback.
- Implemented a job recommendation system by matching user skills and experience with relevant job roles and ATS requirements.

Skills

- **Programming Languages:** Java, JavaScript, C#
- **Frontend:** React.js, Tailwind Css
- **Backend:** Node.js, Express.js
- **Databases:** MySQL, MongoDB
- **Core CS Fundamentals:** Data Structures & Algorithms, Computer Networks, DBMS, Operating Systems
- **Tools & Platforms:** Git, Github

ACHIEVEMENTS

- Solved 100+ DSA problems on **LeetCode** and achieved a maximum rating of 1849 (Knight badge).
- Secured Global Rank 815 in Leetcode Weekly Contest 499.
- Secured 2nd rank in University coding contest on GeeksforGeeks; solved **300+ problems** across platforms.
- **C# Programming Certification** – Earned certification from **Microsoft** for demonstrating expertise in C#.
- Actively participated in coding competitions and solved **Google SDE & Striver sheets**, enhancing problem-solving and algorithmic skills.
